The SME Climate Hub provides small and medium-sized enterprises (SMEs) with a one-stop-shop to:

1. Commit to globally recognized climate targets aligned with the latest science
2. Access free tools to measure emissions, take climate action, and report progress
3. Benefit from communications and financial incentives of reducing emissions

The SME Climate Hub is an initiative founded by the We Mean Business Coalition, Exponential Roadmap Initiative and the United Nations’ Race to Zero campaign in collaboration with Oxford University and Normative.

TOOLS FOR ACTION

- **Climate Fit**
  - A practical step-by-step education course to help SMEs reduce emissions across their business – from operations to supply chain to messaging.

- **Business Carbon Calculator**
  - Assesses an SME’s carbon footprint and identifies emission hotspots across Scope 1, 2 and 3, following the Greenhouse Gas Protocol.

- **Financial Support Guide**
  - Explains and improves access to financial support for SMEs working to reduce their emissions.

- **Oxford University Tools Library**
  - Library of external tools and resources curated by the Net Zero team at Oxford University.

- **Reporting**
  - Enables businesses to report annual greenhouse gas emissions, the actions they’ve taken to reduce emissions, and the impact of their reduction efforts and plans.

The SME Climate Hub is the official pathway for small and medium-sized businesses to join the United Nations’ Race to Zero campaign. Thousands of SMEs from over 120 countries have made the commitment.
